Dear Parents,

Each school will have their own school's portal to upload their students' pictures and videos. No other school will be able to see what is in another school's portal. Each school's portal will only be seen by the school staff of the students, the convention staff and the judges that are assigned to judge the event. Judges will only be able to see the event/events that they are judging.

On Wednesday, April 5, 2023, the Regional Virtual Student Convention top six winners of the virtual events will be recognized. Every student, sponsor, parent, friend, etc. will be able to view the virtual winners at that time. We will also be sharing some of the videos as command performances for everyone to enjoy. Shortly after the Regional Virtual Student Convention, we will mail each school their awards so that each school can recognize their students as they wish.

In using pictures and video clips of the students that are involved in the Regional Virtual Student Convention, we would want you to understand that the convention would only identify your student by name and the school that they attend, and we will assure you that no home address, telephone number, or personal information of the students or school will ever appear. This photo/video information release form will be kept on file for at least one calendar year. The permission granted may be revoked at any time by written request. All photographs/videos will be removed as soon as possible. We would like to consider some of these shots for publication in promoting the ministries of Student Convention.

☐ I DO authorize the use of any and all photographs/videos that include my student.

☐ I DO NOT authorize the use of any and all photographs/videos that include my student.
